Any person whose living environment would be affected by the construction of the proposed facilities may, within 30 days after publication of this notice, file with the Public Service Commission a written request to intervene. Any correspondence with the Public Service Commission regarding this matter should refer to Case No. 98-544.

2. The procedural schedule set forth in Appendix A attached hereto shall be followed.

3. Neither opening statements nor witnesses' summaries of prefiled direct testimony shall be permitted at the public hearing

4. East Kentucky Power shall publish one time in the newspapers with the largest circulation in Clark, Madison, Estill, and Powell counties, Kentucky a notice of the public hearing not less than 7 nor more than 21 days prior thereto.

5. No later than December 7, 1998 East Kentucky Power shall issue a request for proposals ("RFP") soliciting offers within 30 days for firm peaking capacity of 100 MW winter and 80 MW summer for a period beginning June 1, 2000. The RFP shall be sent to all utilities within two interconnections of East Kentucky Power, all utilities within the East Central Area Reliability Council, and all known power marketers and brokers.

6. Seven days after issuing the RFP, East Kentucky Power shall file with the Commission seven copies of the RFP and a list of the recipients to which it was sent.

7. No later than January 26, 1999, East Kentucky Power shall file seven copies of each response to its RFP and a summary of all responses which ranks the proposals and explains why each was accepted or rejected.

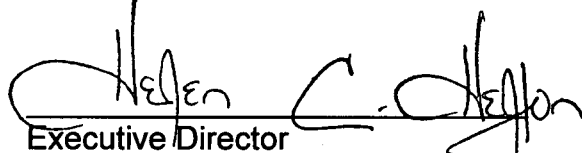

Done at Frankfort, Kentucky, this 23rd day of November, 1998.
